

## ***Attachment 1: Description of Emission Reduction Measure Form***

*Please fill out one form for each emission reduction measure. See instructions in Attachment 2.*

**Title: HOA Clothesline Standards**

**Type of Measure (check all that apply):**

- |   |   |
|---|---|
| <input checked="" type="checkbox"/> Direct Regulation | <input type="checkbox"/> Market-Based Compliance          |
| <input type="checkbox"/> Monetary Incentive           | <input type="checkbox"/> Non-Monetary Incentive           |
| <input type="checkbox"/> Voluntary                    | <input type="checkbox"/> Alternative Compliance Mechanism |
| <input type="checkbox"/> Other Describe:              |   |

**Responsible Agency: ARB**

**Sector:**

- |   |  |
|---|--|
| <input type="checkbox"/> Transportation   | <input type="checkbox"/> Electricity Generation                    |
| <input type="checkbox"/> Other Industrial | <input type="checkbox"/> Refineries                                |
| <input type="checkbox"/> Agriculture      | <input type="checkbox"/> Cement                                    |
| <input type="checkbox"/> Sequestration    | <input checked="" type="checkbox"/> Other Describe: <b>Housing</b> |

**2020 Baseline Emissions Assumed (MMT CO<sub>2</sub>E):**

**Percent Reduction in 2020:**

**Cost-Effectiveness (\$/metric ton CO<sub>2</sub>E) in 2020:**

---

**Description:** Clotheslines are sometimes prohibited by homeowners associations or so restricted that they are in effect prohibited. A law pertaining to HOAs should be made that would prohibit HOAs from unduly restricting clotheslines. It should state that residents have the right to use clotheslines, even if they cannot be entirely hidden.

**Emission Reduction Calculations and Assumptions:**

**Cost-Effectiveness Calculation and Assumptions:**

**Implementation Barriers and Ways to Overcome Them:** The opposition to this would be among HOA residents who are concerned about their property values, should a clothesline be visible. The solution is to make it a statewide law so that everybody would be in the same boat.

**Potential Impact on Criteria and Toxic Pollutants:**
